HOME DESCRIPTION

Move-in ready! The Whitley Craftsman blends open concept living with classic Craftsman charm. The architectural details on the exterior of this home are truly reminiscent of early Craftsman styling with a large front porch, thick tapered columns, decorative gable accents, and large windows. The wide foyer welcomes you and carries you into the spacious open living room, kitchen and dining area. The kitchen features a large walk-in pantry and lots of cabinets and countertop space including an oversized kitchen island that overlooks the living room. The tall windows across the back of the home provide lots of natural light inside and a great view of the covered back porch, patio and partially wooded back yard. A bedroom and private bath off the foyer is perfect for overnight guests. The spacious landing at the top of the stairs provides a central hub where the primary suite, two secondary bedrooms, bonus room, laundry room and another bathroom all converge. The 9 ft. ceilings throughout the home make every room feel even more spacious. This home also includes a 3-car front load garage. Enjoy serene living in Baylee Ridge away from the hustle-bustle yet only a short distance from Flowers Plantation where there is an abundance of shopping, dining, healthcare, and other amenities including the East Triangle YMCA and more.
