HOME DESCRIPTION

Welcome to the McDowell--a well-designed home that seamlessly blends open living with flexible spaces to suit today's lifestyles. Offering four bedrooms and two-and-one-half baths, this plan delivers both comfort and functionality.

The main level features a bright, open-concept layout where the kitchen, dining, and family room flow effortlessly together--ideal for everyday living and entertaining. A generously sized kitchen island anchors the space, providing ample prep area and a natural gathering spot. A dedicated flex room on this level offers the versatility to fit your needs, whether as a home office, study, or playroom.

Upstairs, a spacious loft and an additional flex room provide even more adaptable living space, perfect for a media room, secondary living area, or workspace. All four bedrooms are thoughtfully positioned on the second floor, creating a private and cohesive retreat.

Set on just over half an acre, this homesite is a standout--backing to private wooded views and featuring a large, flat backyard ready for outdoor living, recreation, or future possibilities.

With its versatile layout, open design, and exceptional homesite, the McDowell offers a rare combination of space, privacy, and livability within a thoughtfully planned community.
